

koro collection by eli gutierrez

La colección fusiona la cultura japonesa y la pasión por la artesanía. Inspirada en el Koro, un contenedor de incienso japonés de formas redondeadas, combina diseño orgánico con un tejido experimental. Su trenzado horizontal, logrado al mezclar cuerda y cincha, aporta sinuosidad y elegancia, vistiendo la estructura como si de una prenda de ropa se tratase y dotándola de una piel gráfica y marcada.

skld studio

The collection merges Japanese culture with a passion for craftsmanship. Inspired by the Koro, a Japanese incense container with rounded shapes, it combines organic design with an experimental fabric. Its horizontal braiding, achieved by blending rope and webbing, brings fluidity and elegance, dressing the structure like a garment and endowing it with a bold, graphic skin.

designer

eli
gutierrez

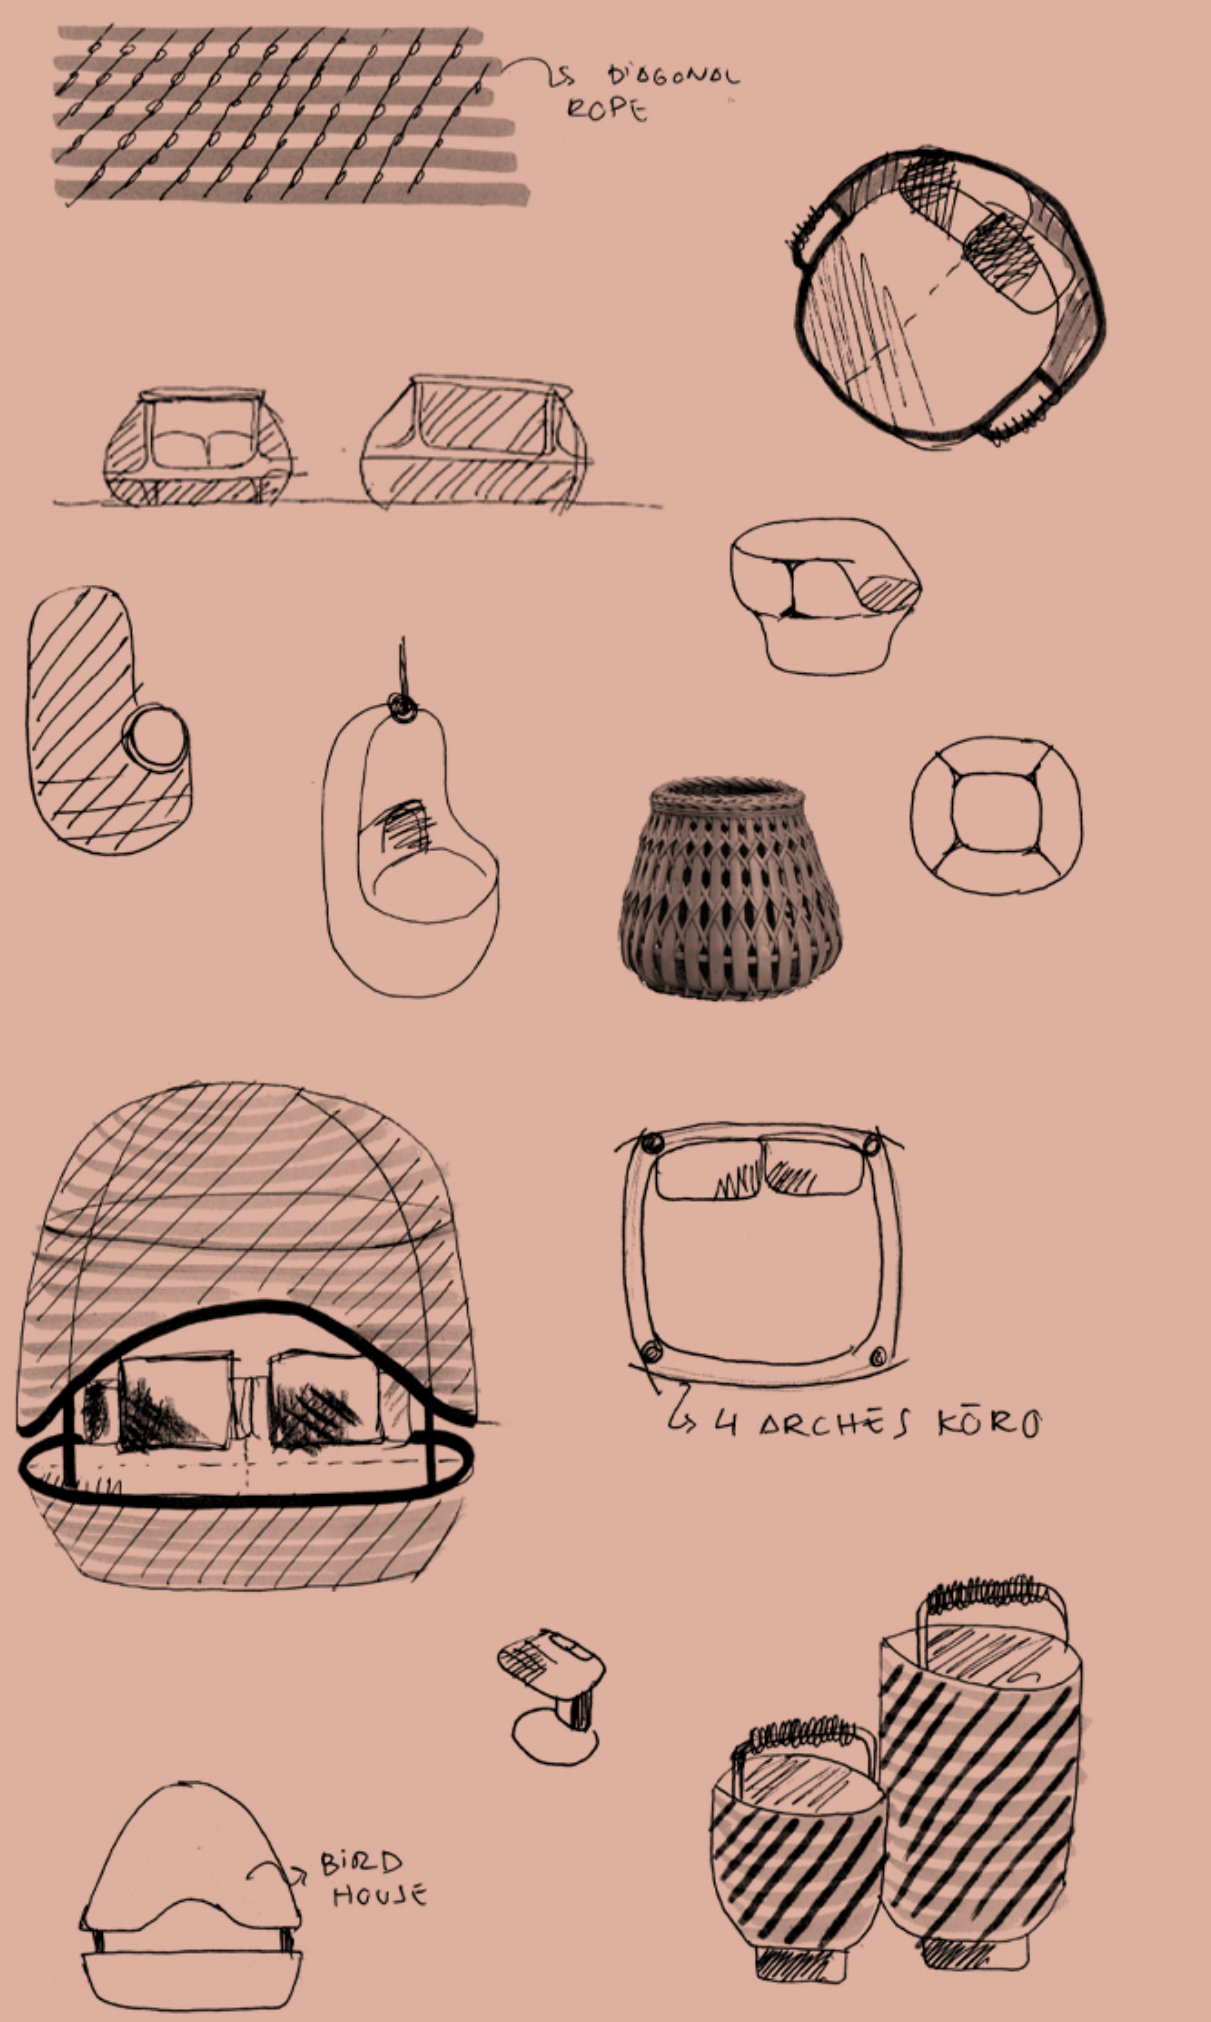

Diseñadora cosmopolita formada en Valencia y Londres. Tras vivir en Milán y París y colaborar con destacados estudios, funda su propio estudio en 2017, desarrollando proyectos de producto, electrónica, instalaciones y textiles.

Su trabajo se distingue por una sensibilidad clara y elegante, enfocada en material, color, función y detalle. Sus diseños combinan poesía y funcionalidad, integrando artesanía y nuevas tecnologías para aportar innovación y carácter. Busca equilibrio entre atemporalidad y sencillez, creando objetos con identidad propia y un diseño refinado.

Cosmopolitan designer trained in Valencia and London. After living in Milan and Paris and collaborating with renowned studios, she founded her own studio in 2017, developing product, electronics, installations, and textile projects.

Her work stands out for its clear and elegant sensitivity, focusing on material, color, function, and detail. Her designs blend poetry and functionality, integrating craftsmanship and new technologies to bring innovation and character. She seeks a balance between timelessness and simplicity, creating objects with a distinct identity and refined design.
